It was sunny, it was overcast, it was dry and it rained. Twenty enthusiastic participants orienteered on a map created by **Ludwig Hill** and challenging courses by **Mark Parsons** assisted by **Bill Dennis**.

We had two new members **Ellen Shopes** and **Andrea Babic**. Both promised to bring their husbands to the January Meet. Ellen began and finished on the white course, completed the Yellow course and had enough energy left to tackle the Orange course. **Charlie Shahbazian** an orienteer visiting from Chicago brought his brother and son, **Jack** and **Raffi**. They each did two courses.

Except for a few brief intermittent showers it was enjoyable way to spend a Sunday morning in Tucson's isolated wilderness environment. When the heavy rain started the controls had to be picked up. So it is with thanks and with a profound bow to veterans **Mark Everett**, **Ludwig Hill**, **John Maier** and **Max Suter** who traveled the extra mile and completed the task to end a perfect day.
